

Bradford Claimant's Union

We are trying to start a claimants union in Bradford, this would be an organisation run by unemployed people and others on Benefits to support claimants with problems they might be having with their claim as a result of living on a low income.

We are not an advice centre, but would like to establish a support network for people on benefits in Bradford and to help campaign on the behalf of Claimants.

What we can offer;

A comfortable environment where claimants can share experiences and discuss difficulties.

Access to welfare benefits handbooks and informal benefits advice.

Free internet access, cheap printing and telephone use.
