# BRC

BRADFORD RESOURCE CENTRE  
AND  
COMMUNITY STATISTICS PROJECT

**information, research, training, campaigns, computing and  
reprographics with community and trade union groups**

### OPEN SESSIONS

During our friendly 'open sessions' (see box for times), BRC becomes a mix of cyber café, community print shop and public library — always with someone on hand to give advice and informal training on using our kit or to help with finding the information you need.

<b>Mondays</b>	-	<b>1pm - 4pm</b>
<b>Tuesdays</b>	-	<b>Closed</b>
<b>Wednesdays</b>	-	<b>1pm - 7pm</b>
<b>Thursdays</b>	-	<b>10am - 4pm</b>
<b>Fridays</b>	-	<b>1pm - 4pm</b>
<b>1st Saturday of month</b>	-	<b>10am - 1pm</b>

### LOW COST PRINTING

As a not-for-profit organisation, we only look to cover costs, so we can offer the best print deals around to local groups.

Photocopying — BRC offers both high quality black and white, and gloss/matt colour photocopying. Produce high impact posters or special publicity to really make you stand out.

Copy duplicating— the fastest and cheapest way to bulk print leaflets and posters at virtually photocopy quality. For just £6, **affiliates** can leave BRC with 1000 A5 leaflets. (That's 1p per A4 sheet, plus a £1 stencil set-up charge. For larger print runs, it gets even better value).

### CYBER CAFÉ

At BRC it's free to surf the 'Net, word-process, use a scanner, burn CDs, etc, with just a small charge for any printing.

## TRAINING

BRC is a well-established local provider of welfare rights, research skills and personal and organisational training courses, including an 8 day General Benefits package and half-day Funding Point course.

## COMMUNITY AND CAMPAIGNS LIBRARY

Our library is a unique collection of community and campaigning materials - reports, pamphlets and news cuttings - covering both local and national issues. We also subscribe to a wide range of newspapers and magazines. We aim to make information on government policy and local economic developments easily accessible.

## COMMUNITY STATISTICS PROJECT

BRC includes the ground-breaking **Community Statistics Project** which provides informal support and training to those seeking to find and use statistics to back up a funding bid, plan future work or lobby for resources.

 CSP is funded by the European Regional Development Fund to December 2006.

## MEETING/EVENT SPACE

If your group needs a room to meet in or space to hold an event, we can offer a fully accessible venue in the heart of the city centre - whether daytime, evening or weekends. We have one large space (capacity 100) and several smaller ones. Hire costs are very reasonable and **affiliates** may be entitled to free use of ground floor rooms.

## MAIL-BOX HOSTING

Many local groups want to avoid using a private address in publicity but can't afford £50+ a year for Royal Mail P.O. Box. We offer free mail hosting to **affiliates** on request. Over two dozen local organisations currently save money and hassle in this way.
